PROFESSIONAL SERVICES

“ Today, the City of Le Roy is a proud rural community providing outstanding services and amenities to our residents. Our sense of community is strengthened through our commitment to and active participation in our education system, our churches, our civic organizations, our local businesses, and our diverse recreational amenities. To ensure a better *tomorrow*, we intend to capitalize on the richness of Le Roy’s history and traditions, as well as invest purposefully in ensuring that our community looks to the future with a focus on maintaining our small town character with big city opportunities. ”
